

SFA STEM Academy
 Parental Involvement Policy
 2018-2019

SFA STEM Academy is dedicated to providing quality education in order for students to be “future ready.” To accomplish this goal, the school must continue to develop and maintain partnership with parents/caregivers, patrons, and community members. Everyone gains if school, home, and community work together to promote high expectations and high achievement by our children.

| Topic | Action or Activity |
|----------------------------------|---|
| Annual Meeting | We will conduct an annual meeting to review Title I, Part A guidelines and services offered through the school. Curriculum and forms of academic assessments will be discussed at annual Grade Level meetings. |
| Policy and Compact Review | Parents, caregivers, and staff will be involved in the revising and updating of the Campus Parental Involvement Policy and Compact each year. |
| Funding | Parents may provide input in how to spend Title 1 Parent Involvement Funds. |
| Parent Involvement Opportunities | We support a variety of Parent Involvement activities through volunteering and multiple Family Nights at school along with creating a supportive learning atmosphere. |
| Staff/Parent Communications | Conferences, personal contacts, Facebook, Twitter, Instagram, School Messenger, Dojo Messages, teacher websites, and written notices will be utilized to establish and maintain an open line of communication. Parents may request to know the professional qualifications of their child’s teacher. Title 1 Teacher/Parent Conferences will be offered once per year. Parents will be notified when their child will be taught for four or more consecutive weeks by a teacher who is not highly qualified. |
| Program Evaluation | We will conduct an annual evaluation of the content and effectiveness of the campus Parent Involvement Policy |

This policy will be promoted by the staff, as we seek active participation by the parents/caregivers of our campus.
