

## ***What Is a School-Family Compact?***

Our annual school - family compact offers ways that we can work together to support the success of our students. Our mission is to build and develop a partnership between home, school and student.

### **Effective Compacts:**

- Link to academic achievement goals and focus on student success
- Define responsibilities by specifying roles that schools and families play in helping students learn
- Explain how teachers and families will communicate about student progress
- Describe opportunities for families to observe, volunteer, and participate in the classroom
- Are used as a tool to clarify expectations, solve problems, keep the focus on student learning, and promote partnerships in teaching and learning

## ***Building Partnerships***

There are many opportunities at our school for families to volunteer and play a role in their child's education. Please consider joining the faculty, staff, and fellow families through some of the following events and programs:

## ***Jointly Developed***

Our families, students, and staff worked together and shared ideas to develop the school-family compact. A survey is collected each year to gather concerns and feedback from families and our older Griffith students. A Family Engagement Committee meeting is held each year to review and revise the compact based on the school's academic achievement goals and students' needs.

Families are welcome to provide feedback at any time. All feedback will be collected and reviewed during the annual revision meeting with families.
