Many units need new doors and door heaters. Some units need floor and/or wall repairs. All units need new refrigeration equipment. The environment we live in takes a toll on refrigeration equipment and these units are requiring service more than what should be required to keep them running. Service is required often to avoid units going out and losing all of the food items inside
	Install Computerized Temperature Monitoring														System will monitor all walk-in units to track temperature

Some units run hot and have hot spots to the touch creating unsafe conditions and improper food temperature. All of the units are outdated and do not promote efficient methods of meal service and slows the speed of service to students. All of these campuses only have one serving line. SFA does not have a walk in freezer and has multiple reach
